Safe Harbor statements as to the future

Matters discussed in this release may constitute forward-looking statements. Forward-looking statements reflect our current views with respect to future events and financial performance and may include statements concerning plans, objectives, goals, strategies, future events or performance, and underlying assumptions and statements other than statements of historical facts. The Company desires to take advantage of the safe harbor provisions of the Private Securities Litigation Reform Act of 1995 and is including this cautionary statement in connection with this safe harbor legislation. The words "believe," "anticipate," "intend," "estimate," "forecast," "project," "plan," "potential," "may," "should," "expect," "pending" and similar expressions identify forward-looking statements.

The forward-looking statements in this release are based upon various assumptions, many of which are based, in turn, upon further assumptions, including without limitation, management's examination of historical operating trends, data contained in our records and other data available from third parties. Although the Company believes that these assumptions were reasonable when made, because these assumptions are inherently subject to significant uncertainties and contingencies which are difficult or impossible to predict and are beyond our control, the Company cannot guarantee that it will achieve or accomplish these expectations, beliefs or projections.

Important factors that, in our view, could cause actual results to differ materially from those discussed in the forward-looking statements include the strength of the world economy and currencies, changes in charter hire rates and vessel values, changes in demand for "ton miles" of oil carried by oil tankers, the effect of changes in OPEC's petroleum production levels and worldwide oil consumption and storage, changes in demand that may affect attitudes of time charterers to scheduled and unscheduled dry-docking, changes in TORM's operating expenses, including bunker prices, dry-docking and insurance costs, changes in the regulation of shipping operations, including requirements for double hull tankers or actions taken by regulatory authorities, potential liability from pending or future litigation, domestic and international political conditions, potential disruption of shipping routes due to accidents, political events or acts by terrorists.

Forward-looking statements are based on management's current evaluation, and TORM is only under an obligation to update and change the listed expectations to the extent required by law.

Hellerup, 4 March 2015

Annual General Meeting in TORM A/S – 26 March 2015

Shareholders in TORM A/S (the Company) are hereby invited to the Annual General Meeting (AGM) on Thursday, 26 March 2015 at 10:00 am CET at Radisson Blu Scandinavia Hotel, Amager Boulevard 70, DK-2300 Copenhagen S.

Potential Restructuring Agreement

Since announcement no. 16 dated 27 October 2014, the Company has cooperated closely with a group of its current lenders, representing 61% of TORM's ship financing, and Oaktree Capital Management (Oaktree) regarding a possible restructuring of TORM to remedy the Company's capital loss.

The proposed Restructuring Agreement must be implemented in three distinct steps. *Firstly*, the lenders are required to write down the debt to the current asset values in exchange for warrants. *Secondly*, the lenders may elect to convert part of the remaining debt into new equity in the Company. *Thirdly*, Oaktree will contribute product tanker vessels in exchange for a controlling equity stake in the combined Company, which will reinforce TORM's position as one of the largest owners in the product tanker segment. The agreement also envisages a new working capital facility of USD 75m.

It is currently anticipated that existing shareholders would retain approximately 1-2% of the listed share capital of TORM A/S.

After an extensive investigation of different scenarios, the Board of Directors considers that this proposal is the only viable way to recapitalize TORM and secure a more long-term solution.

Agenda and complete proposals

Enclosed please find the notice of and the complete proposals for the AGM.

The Board of Directors has proposed a number of authorizations to the AGM that are motivated by the need to implement the above-mentioned Restructuring Agreement. The proposals in items 6.c - 6.m are linked to the contemplated implementation steps and the authorizations are designed to accommodate the potential outcome from the final negotiations with the relevant parties involved.

The Board of Directors trusts that you as a shareholder will support TORM by participating at the AGM or by submitting your vote, either by proxy or postal vote.

Yours sincerely
On behalf of the Board of Directors

Flemming Ipsen
Chairman

Motivated by the Danish Recommendations on Corporate Governance, the Board of Directors proposes approval of the level of the remuneration for 2015 as set out below. The proposed level of remuneration for 2015 is maintained at the same level as approved by the General Meeting in 2014.

- The Chairman of the Board of Directors receives a fee of USD 200,000. The Chairman may receive an additional USD 1,500 per meeting beyond 10 Board meetings and one weekly meeting

b. Change from bearer shares to registered shares – amendment of the Articles of Association

The Board of Directors proposes to amend the Articles of Association so that the shares of the Company are changed from being issued to the bearer to being issued in the name of the holder (registered shares). The background for the proposal is that it is contemplated by the Danish Minister for Business and Growth to repeal the possibility of issuing new bearer shares. The legislative change will potentially enter into force in 2015.

It is therefore proposed to amend the Company's Articles of Association as set out below.

- It is proposed to amend the wording of Article 3.3, first sentence, to the following:

"The shares shall be issued in the name of the holder, and shall be registered in the Company's register of shareholders in the name of the holder."

- It is proposed to delete the reference in Article 5.6, first sentence, to the requirement regarding convening of General Meetings via the IT system of the Danish Business Authority since the requirement does not apply to shares issued in the name of the holder. The proposed new wording of Article 5.6, first sentence, shall be:

"General meetings shall be convened by notice on the Company's website www.torm.com, and otherwise in any such manner and form as may at any time be required by the stock exchanges on which the Company's shares or ADRs (American Depositary Receipts) are listed."

Motivation for the proposed authorizations to the Board of Directors in items 6.c - 6.m

Since announcement no. 16 dated 27 October 2014, the Company has cooperated closely with a group of its current lenders, representing 61% of TORM's ship financing, and Oaktree Capital Management (Oaktree) regarding a possible restructuring of TORM to remedy the Company's capital loss. It is currently anticipated that existing shareholders of TORM would retain approximately 1-2% of the listed share capital of TORM A/S in connection with the possible restructuring. The proposed authorizations in items 6.c - 6.m below have been proposed by the Board of Directors. The proposed authorizations are linked to the contemplated implementation steps of the possible restructuring of the Company and are designed to accommodate the potential outcome from the final negotiations with the relevant parties involved.

as the existing shares within the same class of shares in the Company. The Board of Directors will determine any other terms and conditions."

m. Authorization to the Board of Directors to complete a possible transaction involving a transfer of all or part of the Company's assets and liabilities

The Board of Directors proposes that the Board of Directors is authorized to complete a possible transaction before 30 April 2016 involving a transfer on fair market terms of all or part of the Company's assets and liabilities to another entity in consideration for equity, cash or such other fair consideration as may be agreed upon in connection with the implementation of a restructuring of the Company and its activities. The possible transaction structure is being considered in connection with the implementation of the restructuring of the Company and its activities which still remains subject to further negotiations and no final transaction structure has yet been agreed upon. It is currently anticipated that TORM's equity stake in the other entity will result in an indirect dilution of TORM's existing shareholders with a more significant impact than if the restructuring was carried out at the level of TORM A/S.

The authorization to the Board of Directors to complete the above-mentioned transaction will not form part of the Company's Articles of Association.

Any resolution for the amendment of the Company's Articles of Association is further subject to the conditions set out in Sections 106-107 of the Danish Companies Act."
